1 of 1 review helpful Wasn't bad By Howard Schulman I have little idea of how exhaustive a list of hikes this book covers but there were plenty of hikes Almost all land in Texas is in private hands at the moment I liked how the book groups the hikes according to difficulty scenery and distance Also liked the map in the front which indicated over all where the hikes were in the region The difficulty ratings initial The San Antonio area is perhaps the most picturesque spot for hiking in the Lone Star State With this new edition in the best selling 60 Hikes Within 60 Miles series all these visually stunning and ruggedly charming routes are at the traveler's fingertips This handy guide helps San Antonio and Austin natives get back into nature without going out of town Extensive at a glance information makes it easy to choose the perfect hike based on length difficulty To help take the sweat out of finding a trail near you buy one of the 60 Hikes Within 60 Miles guidebooks Newsweek praise for the series To help take the sweat out of finding a trail near you buy one of the 60 Hikes Within 60 Miles
